Re: Use of non-leased Public Utility property

Dear Mr. Filiberto:

This notification is a reminder regarding our previous conversation. Commencing Monday May 7, 1979, J. Filiberto Sanitation shall no longer utilize non-leased Public Utility property for the storage and/or transfer of any containers.

This action is in response to a series of complaints aired at a recent public hearing in Chester Township, primarily, residents complained that collection vehicles were entering the Public Utility beyond those hours identified in the rate tariff.

Your complete cooperation in adhering to this notification is greatly appreciated.

Very truly yours,

Gary A. Molchan
